19. The renaming is, separately, not supported by Council's Naming Policy for Roads (endorsed by Council on 24 September 2024) on the following grounds:

    19.1. Policy statement 2 states that the existing names of public roads should be enduring and should only be changed if necessary to respect the City of Adelaide's history.

    19.2. Policy statement 2 also states that it is not intended for existing road names to be changed to remedy existing situations, such as road names crossing over more significant roads.

    19.3. Policy statements 3.3 and 3.7 express a preference for road names to be short, with names of two or more words to be avoided, particularly where the road length itself is short.
