Hi Nikki and Molly

I hope you're well. As previously disclosed, I am an (indirect) shareholder/co-founder of Swarmer equity crowd funding platform. Currently I am formally listed as "responsible manager" for the purposes of our AFSL licence. I am, in reality, not active within Swarmer - but nevertheless that is the background.

I understand from the CEO of Swarmer, Roseanne Healy, that Swarmer has applied to AEDA for a grant.

I just wanted to let you know as soon as I found out today so that I can recuse myself from anything to do with it and will of course maintain full confidentiality over anything and everything relating to AEDA, regardless.

Please let me know if there is anything else you require of me as I do not want there to be a perceived, apparent or actual conflict of interest.

Thanks a lot

Matt

This document was prepared for the private use of the addressee and may not be passed to any third party without the prior written consent of Ord Minnett. Dividend Per Share (DPS) and Franking are both historic measures. Estimated Annual Income is derived from these historic measures. Income totals are derived from Equity and Fixed Interest securities only. There is no single reference market for Wholesale Bonds instruments and the information contained in this section of the report has been prepared based on available data to which we have access. This data is based on research methodology which has limitations and some of the information contained herein has been sourced from third parties. Option valuations have been excluded from the cost and market value totals. Past performance is not an indicator of future performance (particularly during periods of increased volatility). This includes the possibility that Earnings per share may be reduced; that Dividends may be reduced or not be payable; and that Franking may be reduced or nil. Future values will be influenced by a range of factors, including, but not limited to, economic conditions, market volatility and company-specific fundamentals. Neither the accuracy of the data nor the research methodology used to prepare this information can be guaranteed or warranted notwithstanding we have taken all steps to ensure this has been prepared on reasonable grounds. As such, we cannot accept any responsibility for any loss or damage (including through negligence) which you may directly or indirectly incur through reliance on this information.
