

Rundle Mall Busking

With the return of busking to Rundle Mall there are several changes to permit conditions within Rundle Mall and the adjacent laneways.

Please pay particular attention to:

- The use of zones to ensure buskers are within a designated area, spaced adequately from another performer.
- A maximum footprint of 4m² per performance.
- Maintaining pedestrian flow and access in Rundle Mall during your performance by performing within 2m of the centre of the Mall.
- All buskers require a COVID-Safe plan as per SA Health guidelines.
- Amplified acts are only permitted in the zones marked white.
