Administration

PARENT DOCUMENT: [On-Street Parking Policy](#)

PURPOSE

The Disability Employment Parking Scheme (the scheme) guides provision of on-street parking spaces in close proximity to workplaces for working disability permit holders in circumstances where off street parking is not available.

The Scheme operates throughout the City of Adelaide in response to the demonstrated parking needs of disability permit holders.

OPERATION

Discounted fee rates for Off-Street Parking in UParks

Discounts are offered in one of two ways for employees working within the City of Adelaide area who hold a valid Disability Permit:

- Disability Permit Holders are entitled to the first two hours free with a Council issued accessibility pass up to 52 times per year.
- Council provides a fifty percent discount off the UPark parking rates for reserved disabled parking in its UPark off-street car parks. This concession is subject to availability of spaces. Availability enquiries can be made to the City of Adelaide Customer Centre on 8203 7203 or email customer@cityofadelaide.com.au

In addition, if it is demonstrated that there is no suitable off-street parking in the vicinity of the employees' place of employment, Council can offer a Disability Employment Parking Permit for a nominated area. The on-street car park location will be selected in conjunction with the employee and will be in close proximity to their place of employment.

Disability Employment Parking Permit

Eligibility Criteria

Council can offer Disability Employment Parking Permits when:

- The employee holds a valid Disability Permit.
- The employee is employed within the City of Adelaide area.
- Their employer can demonstrate they have taken all reasonable steps to meet their obligations under the *Disability Discrimination Act 1992* and the relevant Australian Standard for providing off-street parking for people with disabilities.
- It is demonstrated that there is no suitable parking in the vicinity.

The City of Adelaide acknowledges the Kaurna people as the Traditional Owners of the Country where the city of Adelaide is situated, and pays its respect to Elders past, present and emerging.

Eligible Parking Zones for use of a Disability Employment Parking Permit.

A Disability Employment Parking Permit may exempt a driver from complying with parking controls shown on a parking sign to allow the vehicle to:

- Overstay time limits of 1 hour or longer (if designated on the permit) in a designated area.
- Park in paid parking zone without paying a fee *and* overstay time limits of 1 hour or longer (if designated on the permit) in a designated area.
- Park in areas specifically designated on the permit.

The permit does not exempt a vehicle where the parking sign displays the words:

“PARKING EXEMPTIONS DO NOT APPLY”

Should parking zones of 1 hour or longer not be available in close proximity to the place of employment, Council will consider converting parking controls in a particular area or parking bay. This will be subject to availability, parking demands in the area, and physical constraint of the space. Any new on-street car parking bays will be created to the relevant Australian Standard and will not contradict the Australian Road Rules.

Vehicle Requirements for Disability Employment Parking Permit

Permits issued under the scheme may be used for currently registered vehicles under the following categories:

- vehicles designed with the main purpose of carrying passengers (including vehicles commonly known as sedans, station wagons and 4WD vehicles).
- light commercial vehicle (such as a utility and a small van), however

Permits issued under the scheme cannot be issued for:

- A mini-bus, bus, truck or heavy vehicle.

An application can be made via email to vehiclepermits@cityofadelaide.com.au by demonstrating that each point of the eligibility criteria has been met. Alternatively, the Customer Centre can provide further information and guidance when calling 8203 7203.
