James Place Public Toilet

1. Introduction

Section 199 of the Local Government Act 1999 (the Act) requires a council to manage Community Land in accordance with a management plan for the land. Land owned by a council or under a council’s care, control and management is classified as Community Land.

The Corporation of the City of Adelaide owns a number of other properties under the care and control of Council used for the purposes of providing public toilet facilities.

With the exception of the James Place Public Toilet, the public toilets and/or the land associated with the public toilets is either the subject of other Community Land Management Plans (CLMPs) or the community land classification has been revoked.

The management plan for the James Place Public Toilet is referred to as the James Place Public Toilet Community Land Management Plan.

Section 196 of the Act sets out the structure and content and other matters relevant to the CLMP. The CLMP has been prepared in accordance with that Section of the Act. A 21 day consultation program commenced on Monday 5 July 2010 and concluded on Monday 26 July 2010.

Council at its meeting held on Monday 30 August 2010 adopted the Community Land Management Plan.

Section 197 of the Act specifies the public consultation process associated with the development of the CLMP. This matter is addressed in section 3 of this document.
