

# COMMUNITY CONSULTATION POLICY

16 July 2019

legislative

---

## PURPOSE

Section 50 of the *Local Government Act 1999* (SA) (the Act) provides that the Council must prepare and adopt a public consultation policy that sets out the steps that Council intends to take to deliver effective public consultation, whilst fulfilling its requirements under the Act.

This Policy only applies to matters that require public consultation as per the Act. Public consultation prescribed under other legislation will be undertaken in accordance with the requirements of the said legislation, rather than this Policy.

This Policy outlines the minimum communication and consultation requirements under the Act that Council is required to comply with and should be read in conjunction with the Community Engagement Strategy and the Administration's online toolkit, to ensure consistent, meaningful and effective consultation is achieved.

---

## STATEMENT

Council will undertake to:

- where the Act prescribes that public consultation is required, obtain and consider community contributions and relevant information to ensure that any decision made is in the best interests of the community. However, it is important to note that having considered the submissions received, any final decision rests with Council.

When engaging the community in a decision-making process (of which legislated public consultation is a part) Council will:

- seek out and encourage contributions from people who may be affected by or interested in a decision
- provide relevant, timely and balanced information so people can contribute in a meaningful way
- provide a variety of appropriate and accessible ways for people to have their say and to speak honestly
- actively listen so that people's ideas and input assist in making the final decision
- consider the needs and interests of all people in the decision-making process
- tell the community about the final decision, and how their input was considered
- collaborate with peak bodies and other levels of Government to achieve common goals for Council.

### Scope

Council recognises:

- the importance of non-legislated engagement which is not covered by this Policy
- there are occasions where community engagement may be desirable, but there is no statutory requirement to undertake the same. Although the Council acknowledges the importance of these occasions, they are not covered by the requirements of this Policy
- it has a responsibility as a capital city council in seeking the views of all stakeholders impacted by our decisions and may elect to undertake community

engagement above and beyond the minimum legislative requirements where deemed appropriate. This may include advertising in State-wide media as well as in a newspaper circulating within the area of Council for issues which may have impact beyond the city's local community.

### Roles and responsibilities

This policy applies to Council Members, employees, contractors, volunteers, consultants and any other person(s) undertaking public consultation for the City of Adelaide. Specific responsibilities:

- **Council** is the elected body charged with responsibility for making decisions on behalf of the community. Under certain circumstances Council may delegate decision-making to Council officers
- **The Chief Executive Officer** supported by staff and/or external contractors, is responsible for implementing and reviewing this Policy, and reporting outcomes of consultations and review(s) of this Policy to Council
- **Associate Directors** are responsible for ensuring their staff comply with this Policy and make use of the support mechanisms and tools provided to guide implementation
- **The Community Engagement Team**, which is responsible for providing advice and assistance to the community and stakeholders internal and external to City of Adelaide and keeping this policy and tools up to date, visible and readily accessible.

### Local Government Act 1999 (SA) requirements

- Section 8 of the Act (Principles to be observed by a council) outlines, amongst other things, Council's responsibilities to provide open, responsive and accountable government
- Section 50 requires Council to prepare and adopt a public consultation policy that sets out the steps that the Council must follow in cases where the Act requires that a council must follow its public consultation policy, to ensure it effectively consults with stakeholders and the community
- Section 122 requires that Council adopts a process or processes to ensure that members of the public are given a reasonable opportunity to be involved in the development of; review and amendment of; and adoption of new strategic management plans. When Council's strategic management plan requires review, amendment or adoption Council will follow consultation steps 1 to 8 and 16 of Table 1
- The Act prescribes the requirement for public consultation in numerous provisions of the Act. Table 1 of this Policy lists the sections that specify when public consultation is required under this Act, and the consultation steps that need to be taken relevant to each section;<sup>1</sup>
- Where the Act specifies that Council needs 'to follow the relevant steps set out in its public consultation policy', Council will follow the steps indicated in the relevant column of Table 1
- Where deemed appropriate by the Administration, or requested by Council, further public consultation may be undertaken that exceeds the requirements prescribed by the Act.

---

<sup>1</sup> There are two aspects of Section 12 that require consultation; see Table 1: Column 1 and 1a

### GLOSSARY

Throughout this document, the below terms have been used and are defined as:

**The Act** is the *Local Government Act 1999 (SA)*

**Community** (as defined by the *City of Adelaide Act 1998*) 'includes all people who live, work, study or conduct business in, or who visit, use or enjoy the services, facilities and public places of, the City of Adelaide'. These people may be identified as residents and voters, ratepayers, business owners, council customers, contractors and suppliers, community interest groups, agencies and hard to reach groups who have an interest in Council's decision-making and who are affected by Council decisions

**Stakeholders** are recognised as individuals and organised groups who use the capital city; who have an interest in Council's decision-making and who are affected by Council's decisions. Business owners, retail outlets, State and Federal Governments, community groups, Local Government and not for profit organisations are all considered stakeholders. Stakeholders may also be individuals, groups or organisations who have a role to play in policy development and program or service delivery

**Engagement** describes varying levels of participation in public consultation processes

**Public Consultation** is a planned process of engagement where information is provided, and community and stakeholders are formally invited, as per the relevant requirements in the *Local Government Act 1999 (SA)*, to comment about matters on which Council will deliberate.

### ADMINISTRATIVE

As part of Council's commitment to deliver the City of Adelaide Strategic Plan, services to the community and the provision of transparent information, all policy documents are reviewed as per legislative requirements or when there is no such provision a risk assessment approach is taken to guide the review timeframe.

In accordance with Council's Strategic Planning and Policy Framework, it is recommended that the policy be reviewed by Council every two years, unless there are legislative or operational changes. The next review will be undertaken in May 2021.

If the Policy requires an amendment and the proposed changes are considered significant, the Policy will be subject to public consultation as per the requirements of section 50 (5) and (6) of the Act. If an amendment is required to the Policy that is considered by Council to be of 'minor significance that would attract little (or no) community interest', Council reserves the right not to go out to public consultation as per section 50 (7) of the Act.

### Privacy policy

In accordance with the City of Adelaide Privacy Policy Council reserves the right to request names and addresses of respondents making submissions to any public consultation. To enable transparency in consultation processes to occur, all public consultation submissions received by Council will become public documents and may be included in a report to Council which is also available to the public.
