### **HISTORY AND DESCRIPTION:**

This house is an excellent example of an 1880s asymmetrically fronted masonry residence. It retains important stylistic elements including projecting front wing, rendered quoins and facings to windows and doors, verandah with cast iron decorative bracket and frieze elements, and eaves brackets.

The Smith Survey of 1880 shows Town Acre 1008 as vacant and it was subsequently developed during the decade following. This house remains an important indication of the type of residences constructed at that time, and the use of South Australian masonry as a building material.
