### **HISTORY AND DESCRIPTION:**

This house is an excellent example of an 1880s bay fronted sandstone residence. It retains important stylistic elements including a projecting front bay with moulded rendered details, rendered quins and surrounds to windows and doors, verandah and eaves brackets.

In the Smith Survey of 1880 this allotment in Town Acre 751 is shown as vacant but fenced by a stone wall. This house would have been constructed soon after the Survey. It remains an important indication of the type of residences constructed at that time, and the use of South Australian sandstone as a building material.
