HISTORY AND DESCRIPTION:

This house is an excellent example of an 1880s asymmetrically fronted sandstone residence. It retains important stylistic elements including projecting front wing, rendered quoins and facings to windows and doors, verandah with cast iron decorative bracket and frieze elements, and eaves brackets.

Town Acre 964 was subdivided but undeveloped at the time of the Smith Survey in 1880 and subsequently developed during the decades following. This house remains an important indication of the type of residences constructed at that time, and the use of South Australian sandstone as a building material.

STATEMENT OF HERITAGE VALUE:

The significant number of stone and brick residences, like this house, constructed between 1870 and 1890 throughout this section of the city, are an important element of the distinctive historic residential character of North Adelaide.

RELEVANT CRITERIA (under Section 23(4) of the *Development Act, 1993*):

- (a) This house displays historical and social themes that are of importance to North Adelaide as it represents the continued construction of residences on recently subdivided Town Acres, particularly during the 1880s.
- (d) This asymmetrically fronted house displays aesthetic merit and design characteristics of significance to North Adelaide as it is a typical 1880s Victorian residence displaying consistent use of materials such as sandstone masonry walls, detailed render and highly decorative cast iron.

EXTENT OF LISTING:
