HISTORY AND DESCRIPTION:

This house is an excellent example of an 1880s asymmetrically fronted masonry residence. It retains important stylistic elements including projecting front wing, rendered quoins and facings to windows and doors, verandah with cast iron decorative brackets and frieze and eaves brackets. It also retains a masonry and iron fence characteristic of this house style.

The Smith Survey of 1880 shows Town Acre 830 occupied by only one house. It was subdivided and developed in the following decade, with Curtis Street running through the centre. This house remains an important indication of the type of residences constructed at that time.

STATEMENT OF HERITAGE VALUE:

This house is an important example of the type of residences constructed in North Adelaide during the 1870s-1880s, and reflects the design, details and building materials commonly in use at that time.

The significant number of stone and brick residences, like this house, constructed between 1870 and 1890 throughout this section of the city, are an important element of the distinctive historic residential character of North Adelaide.

RELEVANT CRITERIA (under Section 23(4) of the *Development Act, 1993*):

- (a) This house displays historical and social themes that are of importance to North Adelaide as it represents the continued construction of residences on recently subdivided Town Acres, particularly during the 1880s.
- (d) This asymmetrically fronted house displays aesthetic merit and design characteristics of significance to North Adelaide as it is a typical 1870s-1880s Victorian residence displaying consistent use of materials such as masonry walls, detailed render and highly decorative cast iron.

EXTENT OF LISTING:

External form, materials and details of this Victorian asymmetrically fronted residence, including the walls, verandah and roof form associated with the house style. It also retains a front fence characteristic of the house style.
